fabulousfaithsfoundation.org

Fabulous Faith's Foundation is a 501 (c) (3) organization

Fabulous Faith

Faith Rose Lautzenheiser was an amazing 10 year old. Some of Faith's interests included card games, silly string, singing, dancing, laughing, hula hooping, dogs, reading, movies, and coloring. Faith was diagnosed with osteosarcoma, a type of bone cancer, on August 7, 2012, and fought bravely for 10 months. She ultimately met her Savior in Heaven on June 6, 2013, due to chemotherapy induced heart failure.

Faith Rose loved and was deeply loved. Her life can be described only with the word "Joy". During her illness, she was the perfect example of joy in the midst of adversity. She taught us all how to live life to the fullest, and with a smile on our face. She remains always on our minds and forever in our hearts.

Faith's legacy lives on through **Fabulous Faith's Foundation** created with the mission to end the suffering caused by pediatric cancer. The Foundation provides funding to pediatric cancer research and treatment facilities, and grants financial support to affected families.

Since the Foundation's inception, we have donated funds to facilities such as Cook Children's Medical Center, the Ronald McDonald House, and Seattle Children's Hospital, and awarded tens of thousands of dollars in family assistance grants. We hope you will partner with us as we continue the fight.
